

The Supreme Court of Nevada

Job Title: IT Programmer/Analyst

Closing Date: Until Recruitment is Filled

Location: Carson City or Las Vegas

Salary: \$76,158.96 To \$97,122.48 annually

At the Supreme Court of Nevada, we are committed to leveraging cutting-edge technology to drive court innovation and success. Our team is dedicated to improving access to justice by creating impactful solutions that meet our clients' needs and exceed their expectations. We are currently seeking a talented Programmer/Analyst with strong business analysis skills and exceptional T-SQL expertise to join our dynamic team!

After an initial training period, there may be an opportunity for a hybrid remote/in-office schedule.

Job Summary:

As a Programmer/Analyst at Supreme Court of Nevada, you will play a crucial role in analyzing business requirements, designing and developing robust solutions, and optimizing database performance. You will leverage your advanced T-SQL skills to create complex queries and stored procedures, while also collaborating with stakeholders to identify and address business needs effectively.

Applicants should submit a resume and list of three references.

This recruitment will be open until filled. Qualified applicants are encouraged to apply as soon as possible.
